FINANCIAL AND COMMERCIAL

MONEY MARKET.

TUESDAY, April 25-6 P. M. Quotations for stocks at the first board, to-day, were lower than those current at the close yesterday. Hudson convertible bonds fell off 1 per cent; Pennsylvania Coal, 14; Cumberland Coal, 14; Parker Vein, 14; New York Central Railroad, ¼; Panama Railroad, ¼; New Haven Railroad, 1¼; Harlem Railroad, ½. Cleveland and To-ledo Railroad advanced ½ per cent. There was a heavy feeling in the market, and no disposition to operate to any extent is visible. We noticed to-day more cash transactions than usual, probably caused by the bears taking in some of their shorts. Crystal Palace has lately been much neglected, and prices have run down about as fast as they run up. A small clique of speculators purchased pretty largely at first, and prices run up rapidly; but the advance brought out more stock than they wanted, and they soon stopped buying. The consequence is that prices fell off, and the stock is now nowhere. It would be difficult to sell much at any price. It is the general impression that the opening will be a failure, and that it will be a better time to sell the stock before the 4th of May than after. The steady decline in New Haven Railroad stock is creating some little excitement among holders. We do not recollect of the stock having before sold so low as 93½ per cent. It has been as high
